

# 1 Click "Medidata"

The screenshot shows a web browser window with the URL <https://emr-aws-qa-medi2data.com/instruction/select-instruction-type/>. The browser tabs include Google Meet, Medi Kanban Board - Agile Boar, and Medidata. The page displays three instruction type categories:

- Clinical Research**: Reports for Clinical Research Organisations. Select a template: .
- MoD Reports**: Reports for Ministry of Defence. Select a template: .
- Other**: Other instructions. Select a template: . A hand cursor is pointing at this category.

At the bottom right, there is a blue button labeled "Confirm Instruction Type". A "Hide" button is visible in the bottom left corner of the sidebar. The Windows taskbar at the bottom shows various application icons and the system clock indicating 13:30 on 2024/08/19.

## 2 Click "Confirm Instruction Type"

3 Click "No"

NHS #:

Has the patient requested to view the medical report prior to you sending it to us?

☐ Yes

☒ No

Patient Consent

Upload consent form \*:

Drag and drop files here.  
Maximum file size is 5MB

You can upload the consent you have obtained from the patient, or a request from a 1  
This will be added to the final record.

\* If the consent form is part of the instruction letter, please upload the entire document in the cons  
a mandatory requirement \*
